3

Companies are expecting a dramatic shift to a flexible, borderless and collaborative workplace
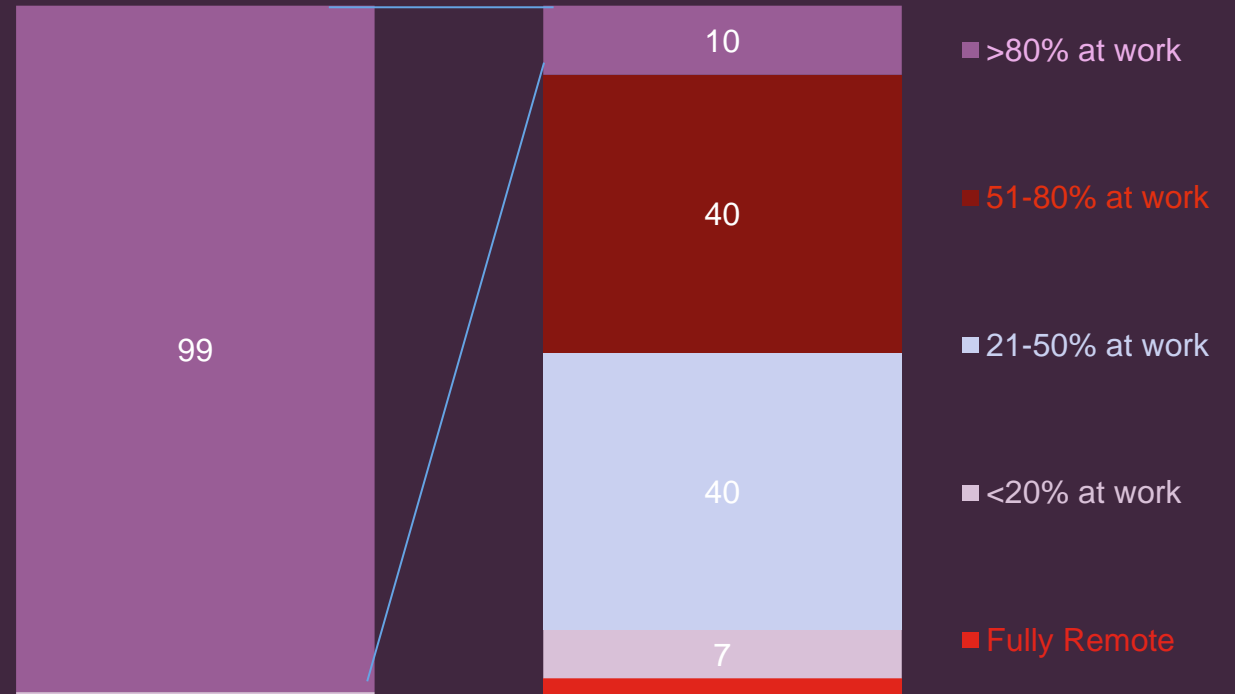

McKinsey

In the post-COVID-19 environment, C-suite executives expect a substantial increase in hybrid work

Pre-Covid

99% of respondents said typical office roles are >80% at office

Post-Covid

10% of respondents said typical office roles will be >80% at office

■ >80% at work	10
■ 51-80% at work	40
■ 21-50% at work	40
■ <20% at work	7
■ Fully Remote	

Pre-Covid: 99

1. McKinsey, Global C-Suite survey, n=100, Dec 20 to Jan 21

Windows 11

Simplify secure hybrid management

It is time to reimagine their work and the role of offices for the next normal

The emergence of many forms of employments (such as remote, hybrid, freelance, contractors)

The reinforcement of seamless collaboration via video-conferencing technologies

The faster adoption of automation and better resources utilization and planning
