Lenovo

Lenovo recommends Windows 11 Pro for business

Turn ordinary displays into powerful communication tools

Enhance communication and simplify content management in your smart office with Lenovo Digital Signage Solution.

It is part of Lenovo Workplace Solutions, which comprises services and technologies from Lenovo and Microsoft to help you create a safer, more flexible workplace that meets current and future needs.

 **Windows 11**

Simplify secure hybrid management

Lenovo Workplace Solutions

Design, schedule, and display content to any screen, anytime and anywhere

From modern offices to construction grounds and even aviation environments, Lenovo Digital Signage Solution enables you to improve employee experience and engagement through timely, accurate communication.

Key features

Content made easy

Bring any form of digital media to life on your digital screens or Point Of Sale (POS) with a simplified drag and drop tool

Flexible automation and scheduling

Edit content and adjust scheduling with just the touch of a button, at a moment's notice

Enterprise-level security

Keep your systems safe and secure with built-in firewalls, end-to-end encryption, and features like role-based security notice

Simple integration

Integrate content with popular POS systems, social media platforms, and business systems with ease

Solution management platform

Get a real-time view of health automatic ticketing in the event of an outage and immediate service response in any geography

Easily enhance communications across your enterprise

Compact and versatile, the sleek Lenovo ThinkCentre M70q can be deployed in any workplace environment and is powered by Windows 11 Pro for better efficiency and security.
