

Lenovo ThinkPad Z13

The new Lenovo ThinkPad Z13 defines progressive mobility. Thin and ultralight at under 1.3kg, this 13" work-from-anywhere (WFA) powerhouse boasts the coveted combination of an AMD Ryzen™ PRO R7 6860Z U-series processor with AMD RDNA™-2 graphics. Combined with an unexpected, iconic craft design using recycled materials, the ThinkPad Z13 breaks commercial convention while meeting enterprise requirements.

Delivering an elevated user experience, this go-anywhere high-performing beauty is engineered with an incredible FHD RGB+IR dual camera—including the new e-shutter for the camera, an edge-to-edge keyboard shaped to fit the natural finger curve, Haptic ForcePad, and customizable TrackPoint buttons. Plus, with an ultraslim 4mm bezel design, the Z13 provides the highest screen-to-body ratio of any ThinkPad. Ever.

Lenovo ThinkPad Z13

PROGRESSIVE DESIGN

Created with meaningful materials, including recycled aluminum and recycled PET vegan leather, with a choice of Bronze and leather or Arctic Grey, the ThinkPad Z13 delivers aesthetic sophistication. The optimized display with ultra-narrow borders and higher resolution provides a 91+% screen-to-body ratio.

MODERN EXPERIENCE

A larger camera sensor and higher resolution makes the ThinkPad Z13 perfect for today's virtual conference table. Users also appreciate the modern edge-to-edge keyboard, larger 120mm glass ForcePad with Haptic feedback, and TrackPoint options.

COMPETITIVE PERFORMANCE

Experience premium technology, including the latest AMD Ryzen™ R7 6860Z U-series processor with AMD RDNA™-2 graphics. Along with Dolby Voice and a Dolby Atmos Speaker System, the ThinkPad Z13 is changing the WFA conversation.

ENVIRONMENTAL DILIGENCE

In addition to high-performing functionality, the ThinkPad Z13 delivers a low-impact footprint. Built with 75% post-consumer recycled aluminum and shipped in recycled consumer packaging, the modern aesthetics even extend to the earth-friendly—and revolutionary—bamboo and sugarcane fiber packaging that's 100% rapid-renewable and home-compostable.

security

With ThinkShield comprehensive end-to-end security, the ThinkPad Z13 provides cybersafe features like fingerprint reader, IR camera with e-shutter, and standard Windows Hello. Plus, chip-level AMD Memory Guard and the new Microsoft Pluton security layer help eliminate interface exposure and prevent physical attacks.

innovation

Get a refined user experience with additional camera enhancements integrated into the new communications bar. The Communication Quick Menu brings new functionality to the iconic red dot in the keyboard by instantly providing access to collaboration controls with a simple double tap to the TrackPoint.

Lenovo ThinkPad Z13

Lenovo offers a comprehensive portfolio of end-to-end services to support and protect your investment—so you can focus on the job at hand, not IT.

Services

PREMIER SUPPORT

As IT budgets contract, you need to reduce complexity, decrease operational costs, and find ways to increase efficiency from your in-house IT support teams. Lenovo™ Premier Support manages routine support tasks, freeing IT focus on strategic efforts that move the organization forward. Boost end-user productivity and limit downtime with direct access to elite Lenovo engineers who provide unscripted, advanced hardware and software support.

ACCIDENTAL DAMAGE PROTECTION

Protect PCs from damage not covered under warranty and realize significant savings over the cost of repair or a new system. Lenovo Accidental Damage Protection (ADP) covers accidental drops, spills, bumps, and structural failures incurred under normal operating conditions or handling. ADP is performed by Lenovo™-Trained technicians, using Lenovo™-Qualified parts, reducing the need for re-repair. Lenovo's comprehensive diagnostic tools can identify hidden damage that may have otherwise gone untreated.

GREEN DELIVERY

Improve sustainability for a smaller environmental impact. Green Delivery Service delivers devices in bulk packaging to reduce per-unit waste, improve operational efficiency with consolidated shipments, and allow for environmentally friendly packaging disposal. Plus, all boxes use Kraft Sealing Tape to eliminate single-use tape, and by 2025/26, 90% of PC products' packaging will be made from recycled materials.

Accessories

ThinkPad USB-C Dock Gen 2

Modern business depends on a wide variety of PCs—and even brands. This cable docking station expands your mobile potential with power portability.

ThinkPad X1 Active Noise Cancellation Headphones

These lightweight and stylish headphones provide professional conferencing sound quality with ANC/ENC settings. Connect or charge via USB Type-C or Bluetooth® 5.0.
